

CONTRACT AWARD NOTIFICATION

Solicitation Number: DTFAWA-10-R-00032

Contract Number: DTFAWA-11-D-00011

Awarded to: PricewaterhouseCoopers, LLP.
1800 Tysons Boulevard
McLean, Virginia 22102

Contract Type: Indefinite Delivery Indefinite Quantity

Estimated Contract Value: \$8,757,619.20

Period of Performance: February 15, 2011 through August 14, 2015 (provided all options are exercised)

Description of the Procurement:

For this procurement, the contractor will maintain the Department's Asset Management Plan in accordance with FRPC/OMB requirements for third quarter delivery. The contractor will maintain and update the three-year rolling timeline in accordance with FRPC/OMB requirements for fourth quarter delivery. Contractor will develop the methodology for meeting requirements for reporting on FRPC's 25th data element, Sustainability. The contractor will assist in analyzing Real Estate Management System (REMS) inventory data and generating a list of candidate assets for possible disposition based on the FRPC's disposition decision tree model for each fiscal year. The contractor will update and sustain a dashboard to monitor and analyze the FRPP performance measures associated with REMS inventory data, as required by OMB. The contractor will utilize the data from REMS to develop the real property performance metrics for tracking FAA's Flight Plan goals and ARC (Region and Center Operations) Business Plan goals. The contractor will provide program management support for ALO's work on data integration with the Enterprise Service Center (ESC) and implementation of Archibus. The contractor will identify other FAA applications that contain real property information and match their data to the data in REMS based on FRPC's Real Property Unique Identifier. And the contractor will develop a consolidated real property requirements document that consolidates all real property systems requirements across the department.
